

Sample Pathway: Remote Patient Monitoring & Hypertension

Clinical Pathways for Virtual Care & Hybrid Models

Virtual and hybrid models of care create opportunities for a variety of patient touchpoints over time.

1. **In-Person Visits**
In-person visits at health center
2. **Telemedicine Visits**
Billable phone or video visit
3. **Phone Check-Ins**
Important touchpoint by a non-billable provider
4. **Home/Community-Based Care & Monitoring**
Home visits, remote patient monitoring
