

# Sample Pathway: Depression, Anxiety or ADHD

# Clinical Pathways for Virtual Care & Hybrid Models

Virtual and hybrid models of care create opportunities for a variety of patient touchpoints over time.

1. **In-Person Visits**  
In-person visits at health center
2. **Telemedicine Visits**  
Billable phone or video visit
3. **Phone Check-Ins**  
Important touchpoint by a non-billable provider
4. **Home/Community-Based Care & Monitoring**  
Home visits, remote patient monitoring
